Tennis Programs

Doubles & Bubbles is our evening matchplay session where players must be able to serve and rally. This session is a fun social environment with some drinks (bubbles) at the end of the class.

Fast Feed Clinic is a fast-paced session which will get your heart pumping and give you a great workout whilst hitting lots of balls!

Instructional Clinic has a specific stroke for each day, and we focus on the technical component of developing one's shots or skills through a series of feeding and live ball drills.

Live Ball Clinic has a specific stroke for each day, and we focus on the strategy and point play aspect of developing one's shots or skills through a series of live ball drills and point play.

Friday Evening Mixer + Round Robin is a chance to get to know our Director and fellow players with a fun social clinic to kick off the weekend! This mixer will include drills and round robin play while you learn about our tennis program and meet other guests.

Tennis 101 is designed for beginner adults and will provide you with the basic skills and knowledge to move forward with confidence in our tennis program. This class is a great opportunity for those who have never played tennis before and are interested in a lifetime sport!
